FILIPINOS' SEDITION IS FRUSTRATED

General Warning Sent to Army That 10,000 Men Were

READY FOR A CONCERTED ATTACK THURSDAY

SOLDIERS USED CHAIRS

As Weapons and Routed the Natives, Injuring Many—Uprising Lacked Organization and Leaders, and Resulted From Propaganda of Man Banished to Hong Kong.

MANILA, Dec. 26.—Eight Filipinos have been arrested on the charge of sedition as a result of an abortive uprising in Manila and its environs on Thursday night. Further arrests are probable.

From army sources it is learned that a general warning was sent to all officers on Thursday afternoon, stating that fully 10,000 Filipinos in Manila alone were ready for a concerted attack on Fort Santiago, the Cuartel Espana, the Cuartel Infanteria, and the medical depot. The military units were immediately prepared and a street patrol was started at dusk.

Constabulary agents who are members of the secret societies, disclosed the plans for an uprising, thus enabling a force of constabulary and police to disperse gatherings at Bagumbayan, Paco and Navotas, near Malabon. At Calocan a squad of American sailors seized chairs when a force of Filipinos approached a dance hall in which they were gathered, and using the chairs as weapons, routed the Filipinos of whom quite a number were injured.

The rising was evidently poorly organized and lacked leaders. It was composed for the most part of persons implicitly trusting the word of Artemio Ricarte, a revolutionary, who conducts a continual propaganda from Hong Kong to which place he was banished by the American authorities some time ago. Ricarte, it is stated, advised that the anti-American attempt be made on Christmas eve, when the American officers would be expected to celebrate the holiday.

Reports from the provinces tell of minor risings and occasional violence, but details from these sections are lacking.

The situation today, from all appearances, and according to official statements, is well under control of the military authorities.

Governor General Francis Burton Harrison happens to be away on an official visit, and Winfred T. Dennis, secretary of the interior, is in charge of affairs, pending Mr. Harrison's return.

The foreign chamber of commerce, supported by the Filipino body, has issued a public protest against the legislature's adoption of amendments to the internal revenue law, imposing additional taxes. The measure was introduced on the eve of the Christmas recess and was passed without discussion, and also, it is stated, without giving the merchants an opportunity to express their opinions regarding it. Representations from the chamber of commerce regarding the new law, it is announced, are to go today to Secretary of War Garrison asking him to secure President Wilson's intervention in the matter.

NO SERIOUS TROUBLE IS APPREHENDED AT WASHINGTON

WASHINGTON, Dec. 26.—Officials of the insular bureau of the war department in the absence of official advice today from Manila, inclined to the view that the reported uprising there was not serious. Earlier in the week Governor-General Harrison reported that he could find no

(Special to the Advocate.)
Brownsville, O., Dec. 26.—Mrs. Sarah J. Orr, 67, of Bowling Green township, 2 1/2 miles south of this village, while sleigh-riding with her son, Otto, was instantly killed, Christmas afternoon, when the horses they were driving frightened at a passing sleigh, and whirled about throwing Mrs. Orr to the ground, her head striking a post and crushing her skull. They were out for a pleasure ride, and the accident occurred while driving through this city.

Mrs. Orr was the widow of Samuel M. Orr, who died eleven years ago. She is survived by one son, Otto, at home, and one daughter, Mrs. Murray Bowser of Brownsville. Funeral services will be held at Sholey church on Monday afternoon, with interment in the adjoining cemetery.

CONTEST

FOR SPEAKER OF THE NEXT OHIO HOUSE HAS FIVE CANDIDATES.

Who Have Opened Up Headquarters and Begun Campaign. Two in Senate.

(Associated Press Telegram)

Columbus, Dec. 26.—Five candidates for speaker of the incoming Ohio house of representatives established headquarters in Columbus today and gave first hand evidence that the Republican caucus, Monday afternoon, will be the occasion for a spirited contest. Several of the aspirants for the speakership and for the presidency pro-tem of the senate have established headquarters at leading hotels and incoming members of the assembly are being bombarded from many sides. While the interest in the house fight is paramount, the senate fight is receiving its share of attention. Minor fights in both houses are being temporarily overshadowed by the speakership and the presidency pro-tem contests.

The speakership arrivals at noon today were W. O. Jackson of Clark county, C. D. Canover of Champaign, Charles D. Brown of Union, C. B. Smith of Morgan, and Charles A. White of Columbiana.

Republican State Chairman Edwin Jones also was planning today to open headquarters and to conduct from there his canvass in favor of Canover for speaker of the house and in favor of Senator J. A. Moore for majority leader in the senate. The senate contest today was still between Senator Moore and Senator Charles J. Howard, with each side confidently claiming victory.

14 BOMBS FALL IN NANCY CITY KILLING TWO

(Associated Press Telegram)

Paris, Dec. 26.—A dispatch received here from Nancy says that a Zeppelin airship flew over that city early this morning and dropped a total of fourteen bombs.

Two persons were killed and two others wounded.

Several houses in Nancy were slightly damaged, but none of the public buildings was injured.

Sweet Charity Made Many Happy On Xmas; Poor Are Still With Us

A TRIBUTE TO ADJT. WATKINS.

"Adjutant Watkins is the best officer the Salvation Army has had stationed in Newark in recent years," said a well known business man Saturday speaking of the relief work being done in the city. "He uses better judgment in investigating requests for help and in few cases does he allow the charity of his donors to be abused. He makes a personal investigation of the cases and when he puts his 'o. k.' on a request for help, you can depend upon it that the applicant is worthy. He should have even more support in his work than he is getting."

The open hearted generosity of Newark people in general, made possible many happy families in Newark who otherwise would have had little Christmas cheer this year because of the non-employment of the heads of families.

Nearly five hundred families were provided with baskets of food sufficient to last several days. These baskets were distributed by the Local

46 Men Arrested at Terre Haute, Charged With Election Frauds Causes Sensation In Indiana

(Associated Press Telegram)

Indianapolis, Ind., Dec. 26.—The arrests of forty-six men at Terre Haute late last night, who were indicted by the federal grand jury here December 23, charged with conspiracy to violate the election laws, has created a sensation in political circles throughout the state. More arrests were expected to follow today, and it was said that the number might reach more than one hundred.

United States District Attorney Frank C. Daly, who conducted the investigation before the federal grand jury said today he would take up at once the Indianapolis election case, where it is expected that frauds were committed at the November election. Evansville may also come in for an investigation as complaints have been filed with the district attorney alleging election frauds at the November election.

United States courts today issued an order in the proposed investigation to cause a United States senator and member of congress were elected to the last general election.

To the ten o'clock hour more arrests had been made at Terre Haute. Dennis Shea, county sheriff, and City Judge Thomas A. Smith, appeared voluntarily before United States Marshal Stoen and his deputy, S. S. W. Harkness, a driver and Joseph Kelly, a bartender, were the

lodge of Elks and the Salvation Army. Thursday afternoon, the Elks distributed more than 200 baskets and on Christmas day the Salvation Army delivered more than 175 more. An automobile was kept busy from 9 a. m. to 8 p. m. delivering baskets. Through a careful system of checking, it is believed that no family received two baskets. The Army officials and the Elks' committee co-operated in the work in order to avoid the possibility of duplicating the gifts.

In addition to the family dinners thus provided, the Salvation Army gave a Christmas dinner to 200 men, women and children, in the army hall at Fourth and Church streets. Fully 175 children were seated at the tables and a large number of homeless men who were found in the city yesterday were provided with a splendid dinner at the same time.

Adjutant Watkins and his wife, Mrs. Watkins were assisted in the work by Mrs. Virginia Allen and Mrs. Margaret Browne of the Episcopal church. These ladies decorated the tables and assisted in the serving.

The tables were decorated with red candles and holly. The hall was brightened by sprays of holly and evergreen, donated by the florists of the city.

The menu consisted of soup, roast and vegetables.

20 MEN SAVED FROM SUICIDE BY PLAN OF A CHICAGO CORONER

(Associated Press Telegram)

Chicago, Dec. 26.—More than 20 men have been saved from suicide by coroner Peter M. Hoffman's plan of placing on coroners' juries only those who are in need, it was learned today from a report on the scheme since it was put in effect on Sept. 1. In three months, 7320 men who were out of employment sat on juries and collected \$7320 in fees. The line of applicants at the coroners' office some days contains 300.

"The distress relieved is not alone financial," commented the report made by the public safety commission. "More than 20 men who were discouraged, desperate and admitted they were on the verge of suicide before they sat on a jury, were saved by the plan. The sight of the remains of those who had killed themselves and the grief of relatives at the inquests banished from the minds of those downhearted souls, all thought of self-destruction."

RUSSIA CEDES ISLAND TO JAPAN

(Associated Press Telegram)

Washington, Dec. 26.—The Japanese embassy today received official advice from Tokyo that Russia has ceded to Japan its half of the Island Sakhalin for some heavy guns. The island was officially Russian until September, 1905. The southern half was ceded to Japan by the terms of the treaty of Portsmouth.

Christmas Saw No Truce With Fighting Foes

Military Activity Did Not Cease but There Was Nevertheless No Decisive Action Reported from Either the Western Or Eastern Fronts In the Official Communications Issued Today

With Characteristic Bull Dog Tenacity, While the Austrian Army is Making Heroic Effort to Strike Down the Valley of Nida in the Direction of Carnow—Reported That Turkish Authorities Refused to Allow French and English Citizens to Leave Tripoli On An American Ship Until a United States Cruiser Threatened Bombardment.

(Associated Press Telegram)

London, Dec. 26.—Christmas has come and gone without a truce on the part of any of the warring nations of Europe. While there has been no cessation of military activity, nevertheless no decisive action has occurred along either of the great battle fronts.

A spectacular element of the recent news was supplied by an aerial duel between a German air craft and two English biplanes over the Thames. This occurred Christmas day and was witnessed by several thousand people. The German escaped. From Petrograd comes news that the Russians have resumed the offensive at several points in Poland, and that they have captured no fewer than 11,000 prisoners.

To offset this, however, Berlin reports inactivity along the Polish front. An Austrian army is still making a courageous effort to strike down the valley of the Nida in the direction of Carnow. British observers are of the opinion that this movement will be too late, if it is a fact that the Austro-German attacks in the center has really received its reported check.

Paris, Dec. 26.—German proclamations announcing a levy of 500,000 francs (\$100,000,000) indemnity at Brussels have been pasted over, says the Journal and the report is current that the measure was withdrawn by the German government as the result of representations by the American secretary of state, William J. Terrible Burns Are Fatal to Mrs. Mary McConnell, Aged 60; Dress Ignited from a Bonfire

Mrs. Mary McConnell, 60 years old, was fatally burned on Thursday afternoon at her home at the corner of Dewey avenue and Tuscarawas street, death relieving her terrible suffering on the afternoon of Christmas day.

The accident happened about 3 o'clock when Mrs. McConnell was engaged in burning some papers in the yard of her home. The wind blew one of the flaming sheets, under her skirt and in an instant her flimsy clothing was a mass of flames. Her cries brought her neighbors to her assistance, but not before the entire

lower part of the body had been burned. Drs. D. M. Smith and J. R. McClure were called and the burns dressed, but she continued to suffer greatly and no hope was held for her recovery. Death came on Friday afternoon about 5 o'clock.

The deceased is survived by two daughters, Mrs. Albert O'Neill and Mrs. John Allen, and one son, James McConnell.

The funeral services will be held on Monday morning at 9 o'clock at the Church of the Blessed Sacrament, and burial will take place in Mt. Calvary cemetery.

Mob Frenzy Convicted Frank Who Is Condemned to Death

(Continued from Thursday.)

Frank then gave Conley a box of cigarettes and told him he could keep them. He asked Conley if Conley could write, and Conley said: "Yes, sir, a little bit," and then Frank dictated the "murder notes." At first they didn't suit, and he had to write several. Then Frank pulled out a nice little roll of greenbacks and said: "Here is two hundred dollars, and I took the money and he said: 'You go down there in the basement and take a box of trash and burn that trash that is in front of the furnace,' and I told him: 'I was afraid to go down there by myself. He looked at me then kind of frightened and he said: 'Let me see that money,' and he took the money and put it back in his pocket, and he said: 'Is this the way you do things?' and he said: 'You keep your mouth shut. That's all right,' and Mr. Frank folded his hands and looked up and said: 'Why should I hang? I have wealthy people in Brooklyn, and he said: 'Don't you worry about this thing; you just come back to work Monday like you don't know anything, and keep your mouth shut if you get caught I will get you out on bond and send you away,' and he said: 'Can you come back this evening and do it?' and I said: 'Yes, I was coming to get my money.' 'Well, if you are coming back,' he said, 'let me know, and I will take those things (meaning the notes) that Conley had written at Frank's dictation, and put them down with the body,' and I said: 'All right, I will be back in about forty minutes.'"

Conley went over to a beer saloon across the street and took the cigarettes out of the box, and found there were two paper dollar bills and two silver quarters in the cigarette box, and I looked at the clock and it said twenty minutes to two. When he got home he sent for some sausage and cooked it and laid down and went to sleep, and didn't leave the house but for a moment until Monday morning.

On the 18th of May, over three weeks after the murder, Conley was confronted with the evidence that he could write. He then admitted that he could write, but denied being the author of the notes; gave a circumstantial account of his doings on the day of the murder, saying he had spent the morning on Peters street in a section of Atlanta devoted to negro trade. He said he had bought a half pint of whiskey from a negro walking along Peters street at eleven o'clock that morning. He insisted that he was not at the pencil factory on Saturday. Six days later he admitted that on Friday afternoon prior to the murder he had written one of the notes and that Frank had written the other. He also said that Frank had given him the box of cigarettes, with the money in it, as told by him on the trial; that Frank had at the time asked him if he knew the night watchman, and if he ever saw him in the basement and that Frank had said he would see that Conley got some money a little bit later.

This affidavit shows that on Friday afternoon prior to the murder Frank got Conley to write one of the notes; he inquired about the basement, and asked if Conley knew the watchman, and mysteriously intimated that there was some reason for Frank's belief that he might hang, but he didn't think so because he had "wealthy people in Brooklyn." Frank therefore, as Conley intended in his imaginative negro way to imply, meant to murder Mary Phagan on the following day; that he probably intended to put the crime on the night watchman by means of the notes, and at least that he contemplated escape from a punishment for some crime the punishment for which was death by hanging. The police therefore pointed out to him as they admitted afterward, that this would not do—it showed premeditation, and it was impossible that Frank could have premeditated the murder.

Four days later Conley made another affidavit. He said this was to be his last statement, and had made up his mind to tell the "whole truth"; that the reason he said before that he had seen Frank at the factory on Friday and had written one of the notes for him was that he "might not be accused of knowing anything of this murder, for I thought that if I put myself there on Saturday they might accuse me of having a hand in it."

Conley added to the former affidavit the incident of the wardrobe as told at the trial, in order to add to the mystery and to show off Frank's part in the affair.

In the next affidavit, for which the police announced at the time they would not take a fortune, Conley added that when he went up to the top of the stairs, Frank told him he had struck a little girl and that she was back in the metal room.

The police were now satisfied Conley had finally found the body. The conviction of Frank was now assured. Conley had never seen Mary Phagan dead until May 22, approximately a month after the murder. He never saw her alive on the day of the murder until he took the witness stand.

Conley's final affidavit represented Frank as taking this trifling, irresponsible negro into his confidence without the slightest motive, that he hadn't seen Mary Phagan on the stairs, and yet Frank, in order to try to have Conley's help in finding the body down on the elevator, shared his secret with Conley. Conley therefore testified at the trial that when Frank "whistled" him upstairs, he asked him if he had seen two girls

French Report Moderation In Artillery Fire

AS A HEAVY FOG HAS MADE OPERATIONS IN THE WEST ALMOST IMPOSSIBLE.

Strong German Attacks Were Repulsed at Several Points, Quiet at Others.

(ASSOCIATED PRESS TELEGRAM)

Paris, Dec. 26.—The official announcement given out by the French war office this afternoon relates that fog in the north has interfered with the operations in Flanders. Counter attacks on the part of the Germans have been repulsed at a number of points. There was artillery fighting near the sea and at Perthes. Progress was made also in upper Alsace on Christmas day. The text of the communication follows:

"There have been moderate exchanges on the front from the sea to the Lys. On the Lys itself a heavy fog has made operations impossible. Between the Lys and the Oise we have repulsed several counter attacks of the enemy notably at Noyelles to the east of Lens at Boiselles, northeast of Albert, and at Labous to the west of Chaules, where a trench captured from the enemy was lost, and then recaptured by us after a spirited engagement. Between the Oise and the Aisne, reports from this locality declare that during the day of December 24 a very strong German attack was repulsed at Chivy to the northeast of Soupir.

"In the region of Perthes our artillery silenced the batteries of the enemy which were bombarding the trenches recently occupied by our troops. Two strong German counterattacks were repulsed during the nights of December 24 and 25.

"Yesterday, December 25, a further counter-attack of particular severity, delivered on a front of 1,500 yards, with important bodies of troops, was completely checked. In the Argonne and between the Meuse and the Moselle there is nothing to report.

"In upper Alsace, December 25, was marked by perceptible progress in front of Cernay. We reached the outskirts of the forest on the hills to the west of the town, and here we held our positions in spite of several counter-attacks. We occupy also the outskirts of Aspach, the valley and the heights which dominate Aspach on the west.

"Russia.—The Germans who succeeded in forcing their way across the Bzura river to the south of Schatzew were driven back after having suffered considerable losses. All the German attacks on Bolimow resulted in failure in the region of Inowloz, on the Pilica river, and to the south of this locality, stubborn fighting continues along the entire course of the Nida river and to the south of the Vistula the fighting is going on under conditions favorable for the Russians."

ABSURD

(Continued from Page 1.)

bide's personal courage, in preferring to maintain order in the city rather than make his own escape, took a personal interest in the case and identical representations were made to both Gutierrez and Villa to secure his release. Iturbide now is on his way to the United States but reports from Mexico City say Palaflo announced his intention of arresting him if he were caught en route to El Paso.

Mr. Silliman in his report dismissed the story of the bribe as absurd. The provisional government in Mexico City has issued a decree extending to March 31, the time for revalidation of mining titles, according to a Mexico City dispatch today to the state department.

A message dated noon, Dec. 24, from Eagle Pass, says the "situation remains unchanged at Piedras Negras."

A mail report from the American vice consul at Ensenada, lower California, states that "while there has been some political disturbances of late, conditions in general are improving and the district is quiet." He adds that the bitter feeling against Americans, which was noticeable last spring, apparently has disappeared, and that 175 or 200 Americans are now in the district.

In that connection, however, the state department announced that it "does not advise Americans to return to Mexico and those who do so do so there on their own responsibility."

The Carranza agency here announced receipt of the following message from General Carranza's secretary at Vera Cruz:

"General Villarral at Monterrey, informs us that he recently had a conference at Saltillo with General Alvarado, the governor of the state of San Luis Potosi, who informed him that Eulalio Gutierrez had come to him to inform Villarral that he had demanded from Villa that he eliminate himself from political activity, but that Villa had not complied and that Gutierrez was disposed to enroll himself and his troops under the banner of the Carranza and the plan of Guadalupe."

GERMANY MAY BE INTENDING SOON TO TAKE OVER BELGIUM.

(ASSOCIATED PRESS TELEGRAM)

London, Dec. 26.—The British authorities have been advised of Germany's notification to neutral governments that it will no longer recognize the exequaturs crediting their consuls to Belgium.

This action has created some surprise in England, where it is regarded as a preliminary step to the official taking over of Belgium by the Germans. The result of this action probably would be the refusal to recognize Brand Whitlock, the American minister at Brussels, or the Marquis of Villa Lobos, the Spanish minister of diplomatists accredited to Belgium.

W. H. Page, the American ambassador here is without advice in the situation. Nevertheless great interest is manifested in London as to the probable action of the American government if Germany grants only provisional recognition to neutral consuls.

Churngold Butterine Made By Expert Churners

One trial of Churngold will prove that experts churn it. Judge it for yourself.

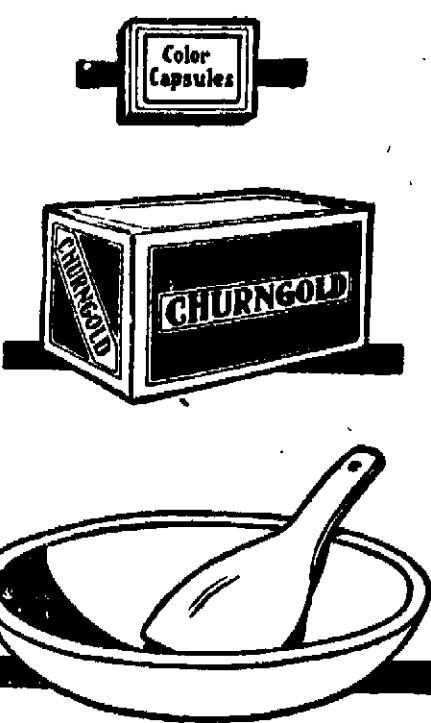

Some use it for its known purity and wholesomeness, while others buy it because it's cheaper than good butter.

Most users color their Churngold at home, thus saving 10 cents on the pound.

How to Color Churngold

Have the Churngold just soft enough to work. Don't heat it nor place near stove. The air of the room will soften it enough in 2 to 3 hours, depending on the warmth of the room. Use wooden bread bowl and paddle. Scald both well and rinse with cold water just before using to keep batch from sticking. Spread Churngold well in the bowl. Pierce color capsule with a pin. Drop color over batch. Work till evenly colored, but not longer. Use one capsule to the pound. Put in crock and keep in cool place. This same color is used in creamery butter, so it's harmless. Capsules free.

Insist on your grocer giving you Churngold Butterine. Accept no imitations there are none as good. The following grocers handle Churngold.

German Officer Praises Bravery Indian Troops
(Correspondence Associated Press.)
Amsterdam, Dec. 10.—The Frankfurter Zeitung publishes the following letter from a German officer, commenting on the prowess of Britain's Indian troops:
"Today for the first time we had to fight against the Indians, and the devil knows those brown rascals are not to be underrated. At first we spoke with contempt of the Indians. Today we learned to look at them in a different light. For three days we were shelled continuously; the British thought we were pounded into a jelly, as they sent us a little surprise in the shape of a visit from their brown allies.
"Satan only knows what the English had put into those fellows! Those who stormed our lines were either drunk or possessed with an evil spirit. With fearful shouting, in comparison with which our hurrahs were like the whining of a baby, thousands of these brown forms rushed upon us as suddenly as if they were shot out of a fog.
"We opened a destructive fire at a hundred yards. It proved down to the mark, but in spite of that the others advanced springing forward like cats and surmounting our obstacles with unexampled agility. In no time they were in our trenches, and truly these brown enemies were not to be despised. With butt ends, bayonets, swords, and daggers we fought each other and we had better hard work until our reinforcements arrived and we drove them out of the trenches."

TURNING OVER THE LEAF OF THE NEW YEAR!

(WRITTEN FOR THE ADVOCATE BY JAMES R. HOPELEY.)

When it comes to balancing the books of the year's experiences will there be a debit or a credit in our personal account?

Are we doing all we might to increase the standard of community life? Are we making ourselves all we ought to be?

From one year to another presents an opportunity for estimating the value of what has been, and planning for what shall be.

Of what value is the past, unless it yields judgment that shall guide our future steps?

Of what benefits can we be to the future unless our actions are shaped by memories and experiences?

The perfect life on earth is but the accumulation of wisdom which makes it possible to know how to avoid that which lacks real value!

The perfect experience is that which teaches us how to grasp and enjoy that which will uplift the spirit.

The successful life is a panorama of events, a continued effort to be and do that which will help others. In helping others we ourselves receive more than they.

What man does not recall the copy book line, "Evil communication corrupts good manners?" Likewise association with good people makes us better; assembling for services in our churches insures better and happier thoughts for the day.

A year ago we may have made resolutions which called for our more regular attendance at church.

Have we broken faith with ourselves in the promises we made ourselves when the year changed last?

The coming year ought to see more earnest effort to be regular in church attendance, more willingness in church work, more faithfulness to church obligations and church responsibilities.

This community needs an awakening; too many of our people are dying—spiritually—through neglect of duty and opportunity.

Ask anyone who habitually goes to church and he will tell you all that is best and highest in his nature is aroused by the services.

The minister may have a sermon scheduled just fitted to your needs or there may be a song just suited to your feelings.

At any rate there is a place for each of us in the churches of the city; an invitation which is cordial; a welcome which is genuine.

"Now is the accepted time!" "Come thou with us and we will do thee good." Come, and tell others what they are missing.

Since church going is a pleasure it is our privilege to tell others what a pleasure it is; since church going is a duty, it is our duty to tell others of its satisfying influence.

The new year offers the opportunity to begin afresh! Do it!

"RING OUT THE OLD, RING IN THE NEW; RING HAPPY BELLS ACROSS THE SNOW, THE YEAR IS GOING, LET HIM GO; RING OUT THE FALSE, RING IN THE TRUE!"

Y. M. C. A. NOTES

There will be the usual Open House on New Year's Day. Music in the lobby and all games and social features open to visitors and members alike. The gymnasium classes will give some special work. The public is cordially invited.

A special meeting of the Board of Directors was called on Wednesday noon to consider matters presented by the Finance committee. Nine members were present.

The new game of Odd Pins has been placed in the Boys room and is ready for use. Those who contributed to the fund for its purchase are: Mrs. A. H. Heisey, Mrs. J. S. Jones, Mrs. Carl Norpell, Mrs. Chas. Wesson, Mrs. J. A. Flory and John J. Carroll. The boys express their thanks to these persons.

The basketball game between the "Y" team and the High School team at Hickey hall on Wednesday evening was a good one. The "Y" team made a good appearance in their new suits.

The Association members arrive at the loss of Col. Chas. Kibler who was numbered among the regular contributing members. His pledge for the support of the work read, "for life as a contributing member." Sympathy is extended to the sons and daughters and grandchildren.

NEW UNIFORMS OF FRENCH ARMY OF BLUISS GRAY

(Correspondence Associated Press.)
Paris, Dec. 10.—The success of the new bluish gray infantry uniform, supplied to men who became eligible to service this year sounds the death knell of the red pantaloons.

The red pantaloons were long in passing. The heroic associations of their 83 years reign made a change seem a sort of sacrilege, and in spite of the lessons of the Transvaal, the army clung fondly to the old red, immortalized on so many fields of battle and familiarized to the world by Dettaille and other military painters.

Napoleon the First was opposed to red for the infantry. The adoption of this color must be credited to Vicomte de Vaux, minister of war in 1829, and it was his sole contribution to military history.

During the second empire a proposed change to blue was defeated by the minister of agriculture, who objected that the change would ruin a thriving industry in the department of Vaucuse, which furnished the "madder" with which the cloth was dyed.

After the Transvaal campaign the question came up again and the minister of war appointed a commission to examine it. Nothing developed and the Japanese-Russian war broke out and the question being agitated again, the minister of war appointed another commission.

After the Balkan war, during which the Bulgarian officers found it expedient to tear off the red trimming of their cloaks, a third commission was appointed.

In 1903 the Boer colors were most favored. In 1905 a sort of violet blue had ousted the industry of the deerskin was preferred and specimen uniforms of this color, designed by Dettaille, were worn by selected companies at the manoeuvres.

In the meantime commercial war had beaten the industry of the department of Vaucuse and the coloring matter for the French infantry pantaloons was made in Germany. No commercial obstacle remained, but official routine had tangled the question in so much red tape that the outbreak of the war found the army still in the conspicuous red trousers.

Millard abolished all commissions and dressed the class of 1914 in the shade he preferred.

IRON TRADE REVIEW.
Cleveland, O., Dec. 26.—The Iron Trade Review says:
Railroad buying since the announcement of the decision granting an increase to eastern railroads, has been fully as large as could have been reasonably expected. Pending negotiations include rails, cars, bars, spikes and other material and in some cases the companies are more anxious to make contracts than are the mills at present prices, which are very low. Orders for a number of additional boats have been placed with eastern ship yards. There is considerable contracting for steel products and a very optimistic sentiment prevails as the New Year approaches.

CATARH LEADS TO CONSUMPTION

Catarh is as much a blood disease as scurvy or rheumatism. It may be relieved, but it cannot be removed by simply local treatment. It breaks down the general health, weakens the lung tissues, and leads to consumption.

Hood's Sarsaparilla is so successful in the treatment of catarh that it is known as the best remedy for this disease. It purifies the blood. Ask your druggist for it.

Thirty-two Degrees Below Zero in Vermont—New York Shivering. Low Temperatures Elsewhere.

(Associated Press Telegram) Washington, Dec. 26.—A cold wave held the country from the Mississippi river to the Atlantic coast in its grip today and broke December temperature records in many places.

Thirty-two degrees below zero was the temperature at Northfield, Vt., while Albany, N. Y., reported 16 degrees below zero; Hartford, Conn., four degrees below; Syracuse, N. Y., 12 below; and Peoria, Ill., 18 below.

The extremely cold weather extended southward as far as the Florida peninsula, and below zero temperatures were recorded in New England, interior of New York, West Virginia, Michigan, Illinois, Northern Missouri, Iowa, Wisconsin, Minnesota and North Dakota.

Lower temperatures were promised for tonight in the South Atlantic states, but in the region of the Great Lakes, New York, New England and lower Ohio valley it will grow somewhat warmer. It will moderate also in the middle Atlantic states, the upper Ohio valley, and the lower Mississippi valley on Sunday.

Generally fair weather was predicted for tonight and Sunday everywhere east of the Mississippi river, except that snow flurries are probable in the upper lake region.

"GET-TOGETHER" LUNCH TUESDAY NIGHT AT THE NEW MASONIC TEMPLE.

Those Selling Tickets Requested to Report Names to Secretary F. L. Johnson This Evening.

One hundred Newark men received in Wednesday's mail a circular letter and three tickets for the "Get-Together" lunch to be given next Tuesday night, December 29, at 6 o'clock in the new Masonic Temple. Each was asked to keep one ticket and sell the other two at 50 cents each.

Already a large number have reported the sale of tickets and several men have applied to Secretary Frank L. Johnson for more tickets. This indicates a large attendance next Tuesday night.

All who received tickets for sale are urged to report to Secretary Johnson at the Y. M. C. A. building tonight, giving the names of those who bought tickets as this list is to be published in Monday papers. The committee must know the number of tickets sold so as to provide for the right number.

This is to be a booster meeting attended by Newark's live ones—none of the other variety need apply.

Hon. A. T. Seymour of Columbus, and Prof. C. L. Williams of Granville, will speak.

No solicitation. All "live ones" are invited. Buy tickets tonight.

(Special to The Advocate) Granville, Dec. 26.—The infant department of the Baptist Sunday school gave an interesting Christmas program in Recital hall Thursday afternoon at 4:30 o'clock which was greatly enjoyed by the large number in attendance. Rev. The remaining time was devoted to the little people under direction of Mrs. Robert Biggs. Briery, president of the Denison Alumni association, to Mrs. Lorina Ballou Wartenbee, who, God willing, will celebrate her one hundred birthday anniversary on January 7, 1915. Every one in Granville agrees with Mr. Briery that it is a great honor to the town that such a life has been lived here. Every one who has ever come in contact with this lovely character, has been the better for it, and each recurring anniversary for years past has been made the occasion of a heartfelt ovation from friends all over the world, to this gentle saintly woman. Of course, Granville appreciates the honor of cherishing a centenarian, and will not neglect the coming opportunity for paying fitting tribute to her who has so worthily lived her five score years.

ASSESSMENTS ARE ENJOINED BY THE COURT

**FOUR INJUNCTIONS GRANTED BY
JUDGE FULTON AGAINST
COMMISSIONERS.**

**To Prevent Collection On Hanover
Pike Work—Marriage Licenses
and Court News.**

Four temporary injunctions were
granted by Judge T. B. Fulton Sat-
urday morning to restrain the coun-
ty commissioners from collecting as-
sessment against Levi C. Montgom-
ery, Orris McClelland, Orville Kiger
and the Suburban Realty company for
improvement of the Hanover
pike east of the city. Each of the
plaintiffs received notice that unless
the amount assessed was paid by
February 4, 1915, the assessment
would be collected on the tax dupli-
cate and placed on the county
treasurer. The order restrains the
collection until after the final hear-
ing of the case. In three petitions it
is alleged that the plaintiffs are
assessed for more frontage than they
possess, and in one it is claimed that
the party assessed has no frontage
upon either side of the pike.

In the petition of Levi C. Mont-
gomery it is alleged that he is assessed
for 3508.7 and that he only has
2800 feet frontage. Orris McClel-
land claims to be assessed \$6.15 for
land abutting on south side of the
pike and \$564.66 on the north side.
He states that the only land of his
abutting on the road is 686 feet on
the north side. Orville Kiger al-
leged that he does not own land on
abutting on either side of the road,
that he was assessed \$863.30 for
3413.8 feet abutting on both sides of
the road, and that the petition for
the improvement of the land was not
signed by the number required by
law and that he did not have notice
of it. It is alleged by the Suburban
Realty company that none of their
land abuts on either side of the
road and that they were assessed
\$843.28 for 3440.2 feet abutting on
both sides.

Charges Cruelty.
Divorce and custody of the young-
est of their two children, Ruth, 11
years, is asked by Oscar Tanner
against Nettie Tanner in a petition
filed in probate court by his attor-
ney, W. D. Fulton Saturday morn-
ing. The defendant is charged with
extreme cruelty and to have said
that she did not care for the plain-
tiff, did not want to live with him
and that she thought more of another
man. Their other child is Clarence
aged 17.

They were married in 1896, and
the plaintiff alleges that since that
time she has been going with other
men and has left the children alone
at night when he was at work. He
is employed as engineer at the Ohio
Light and Power company plant and
works at night.

Petition to Sell Land.
A petition in application by as-
signee for creditors to register title
and sell land was filed in the probate
court Saturday morning. The plain-
tiff is Alda M. Beem, assign for the
benefit of the creditors of Thos.
A. Dickerson. The land is located
in Jersey township.

vlin.

Dresden, and Miss Louise Deutsch,

kala, and Miss Mary F. Roby, Patas-
kala.

Elymas E. Van Winkle, farmer,
Utica, and Miss Ellen L. Richcreek,

Miss Florence A. Nell.

Ulysses A. Ashcraft, farmer, Black
Run, and Miss Emaree Williams,
Newark.
Albert O'Hara, decorator, Johns-
town, and Miss Rachel Miller, Johns-
town.

Damages Suit Filed.
Nineteen hundred dollars damages
are asked by Delilah R. Jessop from
the Ohio Electric Railway company.
In a petition filed in the common
pleas court Saturday morning by her
attorney J. V. Hilliard, for injuries
she alleges she sustained in alight-
ing from a car on July 5 on the pub-
lic square.

She alleges that she boarded the
car at the intersection of Florence
and Cedar streets and was ill when
leaving the car at the public square;
that the conductor pulled and jerked
her, that the car started before she
was alighted throwing her with great
force to the brick pavement. As a
result of this she claims her leg was
severely sprained, her knee wrench-
ed and injured and the ligaments
torn and that she is now perman-
ently disabled and crippled and has
been forced to much expenditure of
money.

balsin in Manila for accounts of a
threatened revolt. Brigadier-Gener-
al Frank McIntyre, chief of the
bureau of insular affairs, however,
in view of renewed reports of trouble
in the Philippine capital, asked for a
full report of the circumstances of the
Christmas eve disturbances.

Officials said early today there
was at all times more or less dispo-
sition of a restless element in the
Philippines and that shrewd native
leaders did all they could to cap-
italize such discontent. They pro-
fess not to believe that anything like
a rising of serious proportions is im-
minent in Manila or elsewhere
through the Philippines.

Manuel Queson, resident commis-
sioner from the Philippines in con-
gress, declared today that conditions
in the Philippine were being exag-
gerated by interests opposed to the
pending bill for a greater measure
of self-government and ultimate in-
dependence for the islands.

"I know nothing of the reported
arrests for insurrectionists' plots,"
he said.

"I am satisfied that when investi-
gated they will disclose nothing more
serious than what here would be ar-
rests for violations of police regula-
tions."

A cablegram received at the in-
sular bureau from Philippine gov-
ernment during the day, concerned
routine business, made no reference
to any disorders. Christmas greet-
ings and personal messages received
here from Manila, made no mention
of trouble.

FORMER MAYOR WAS
UNABLE TO GIVE BOND

(Associated Press Telegram)

Indianapolis, Dec. 26.—Donn M.
Roberts, mayor of Terre Haute, and
an announced candidate for the Dem-
ocratic nomination for governor in
1916, was taken in custody by
United States Marshal Mark Storen,
at Terre Haute today. Roberts, ac-
companied by Judge E. H. Redman
of the Vigo circuit court, answered
a summons and sought the marshal
at his hotel. At first, Roberts, Red-
man and Storen would not talk, but
later the mayor admitted that both
he and Redman had been placed un-
der arrest. Early this afternoon
neither had been able to furnish
bond.

County Sheriff Dennis Shea, who
surrendered voluntarily earlier in
the morning, emerged from Marshal
Storen's temporary office in a hotel
shortly after noon, and announced
that he had been able to furnish
bond.

The arrests this morning—nineteen
in number—bring the total taken in
custody by the United States officials
to sixty-five—forty-six having been
rounded up last night.

CHRISTMAS MUSIC.

"The story of Christmas" will be
sung at Trinity church Sunday eve-
ning at the 7 o'clock service. It is a
beautiful new Christmas cantata by
Matthews, using mostly the words of
Holy Scriptures. It opens with the
words of prophecy, followed by "The
Annunciation." Then comes the
"Vision of the Shepherds," followed
by their "Journey to the Christ
Child."

"The Quest of the Magi" is relat-
ed in song and the entire work
reaches its climax in the "Fulfillment
of the Prophecy."

The printed words of the cantata
will be placed in the hands of each
worshiper. All pews free. Strangers
made welcome. The offering will be
for the benefit of the choir fund.

his courage up is the one who is al-
ways wetting his whistle.

How To Make the
Quickest, Simplest Cough
Remedy

Much Better than the Ready-
Made kind as You Save 25
Fully Guaranteed

This home-made cough syrup is now
used in more homes than any other cough
remedy. Its promptness, ease and cer-
tainty in conquering distressing coughs,
chest and throat colds, is really remark-
able. You can actually feel it take hold.
A day's use will usually overcome the
ordinary cough—relieves even whooping
cough quickly. Splendid, too, for bron-
chitis, spasmodic croup, bronchial asthma
and winter coughs.

Get from any druggist 2 1/2 ounces of
Pinex (30 cents worth), put it in a pint
bottle and fill the bottle with plain granu-
lated sugar syrup. This gives you—at a
cost of only 54 cents—a full pint of better
cough syrup than you could buy for \$2.50.
Takes but a few minutes to prepare. Full
directions with Pinex. Tastes good and
never spoils.

You will be pleasantly surprised how
quickly it loosens dry, hoarse or tight
coughs, and heals the inflamed mem-
branes in a painful cough. It also stops
the formation of phlegm in the throat
and bronchial tubes, thus ending the per-
sistent loose cough.

Pinex is a most valuable concentrated
compound of genuine Norway pine ex-
tract, rich in quinine, which is so heal-
ing to the membranes.
To avoid disappointment, be sure and
ask your druggist for 2 1/2 ounces Pinex,
and don't accept anything else.

A guarantee of absolute satisfaction,
or money promptly refunded, goes with
this preparation. The Pinex Co., Ft.

SWEET CHARITY

chicken, cranberry sauce, mashed potatoes and gravy, baked beans, bread and butter, coffee and milk and pie. An abundance of food enabled the guests to eat their fill and their apparent enjoyment of the splendid dinner was a pleasure to those who took part in the work.

Mrs. Watkins announces that there was a quantity of foodstuffs left from the dinner, including a large amount of bread. Families in need of food may apply to the officials at the hall tonight at 6 o'clock and this will be distributed.

A number of baskets were also left over after the work was done and these will be given to the needy who will apply at the hall at 6 o'clock tonight.

Another pleasing feature of the holiday observance was the lighting of the Community Christmas tree, Thursday night, when a formal program, including the lighting of the tree by Mayor Bigbee was carried out.

The Buckeye band and a chorus of nearly 100 voices assisted in the musical program, there being several band selections and choruses. Among the latter was "Holy Night" rendered effectively with band accompaniment.

Mayor Bigbee, in a brief address, formally lighted the tree which will be illuminated every night until the first of the year.

Rev. L. P. Franklin also delivered a short address. Hundreds of belated Christmas shoppers paused long enough in their rush for eleventh-hour buying to hear the music and the addresses.

Practically every church in the city, as well as other organizations, taking part in charity work, extended Christmas cheer in a more or less extensive scale. Prisoners at the city prison and county jail, inmates of the Children's Home and the county infirmary all were remembered.

Relief work among the poor will be continued throughout the winter by the Salvation Army. With the Christmas dinner disposed of, Adjutant and Mrs. Watkins are now deep in the work of planning the Christmas tree for the poor children of the city. This will take place at the Salvation Army hall at Fourth and Church streets New Year's eve.

Requests have already been made and are now renewed for donations of toys to be given to the children at this time. It is urged that these donations include toys not broken or useless, as there is little time for the army workers to repair them and place them in condition for presentation to the children.

After the first of the year the Salvation Army will begin the work of distributing the clothing among the poor. Large quantities have been donated for this work, but more is needed. It is carefully given out and those in charge satisfy themselves that the applicants are in need before gifts are made.

Through the generosity of Captain A. H. Hisey, the army is provided with orders for coal, milk and food for needy families. These articles are given out only on the approval of Adjutant Watkins to whom applications must be made. The milk is intended particularly for families where there are babies or very young children requiring this form of food.

REDUCING SUGAR IN DIABETES

The reduction of sugar in many cases of Diabetes in people aged fifty and over by an agent that opposes Hepatic degeneration is not a matter of opinion but a FACT IN PHYSICS, and we will mail formula that will show the percentage of sugar from week to week. As the sugar disappears improvement commonly follows recoveries having been reported in many cases.

Example—J. J. Pennepacker, Principal of the Public School of Houlahan, Wash., advises that some three years ago he was broken down with Diabetes. Tests showed 4 per cent. of sugar and his physicians agreed they could do nothing more for him. He put himself on Fulton's Diabetic Compound. Gradual improvement followed and in due course he advised that he was devoting his full time to his profession and called himself well.

Literature and sugar formula mailed on request. John J. Fulton Co., San Francisco. F. D. Hall is local agent. Ask for pamphlet.

A GLAD SOME DAY FOR NEWARK ELKS.

Two hundred and fifty needy families were made happy Christmas

TREAT TO MEN AT COUNTY JAIL AND CITY PRISON

The men at the county jail were each presented on Xmas day with a paper sack containing bananas, apples, oranges, buns, cookies, stogies, linen handkerchief, and also a new Testament. The men were very glad to receive their Xmas presents, and much enjoyed them. The men are preparing for Sunday next when the 2nd chapter of Luke will be taken up dealing with the Birth of Jesus. They do enjoy the Sunday services and enter heartily into the singing and also take part readily in prayer. Last Sunday each man on one floor took part in prayer, many of the men have fully decided to quit drink and bad company, and lead henceforth a Christian life, later in the day the men at the city prison were also supplied with cookies, apples, bananas and stogies, needless to say but that those also enjoyed the act of kindness, concluding with a hort talk and prayers. The following gentlemen kindly contributed: Rev. Mr. Fry, 50c; Rev. Mr. White, 50c; Central Church of Christ, \$2; Children of Woodside Presbyterian church 90c; Mr. Roe Emerson, 28 linen handkerchiefs; Mr. T. M. Edmiston 27 New Testaments; Mr. Erman Drug Store, box 50c stogies; Welsh Bros. oranges.

Will the above kindly accept the public's expression of thanks for their ready responses in behalf of the men, which brought considerable brightness on Xmas to them.

Mr. T. D. Van Fossen of Johnstown, received a telegram Thursday telling him that his machine which was stolen from in front of the Hartman Theatre building in Columbus about eight weeks ago, had been recovered in Cincinnati.

Mr. Van Fossen was attending a show at the theatre in Columbus and when he went to look for his Ford machine it was gone. Police were notified and the machine was finally located through the license tag, and the Cincinnati police notified of its recovery. He will go to Cincinnati to get it.

CANTATA GIVEN AT U. B. CHURCH CHRISTMAS NIGHT

The Christmas cantata "Santa Claus at Grandma's" given at the East Main Street U. B. church Christmas night came up to all expectations in every way and proved to be one of the best entertainments ever conducted in the church. The program committee, Misses Stella Earler, Ruth Patterson, Emily McKnight, Mr. Harry Aeron, with Miss Katie Miller as chairman, along with the musicians, Mr. Noble Baughman and Miss Geneva Sewell, have worked zealously to make it a grand good and instructive exercise, which it certainly proved to be. The house was filled to capacity, many stood and many were turned away, the audience was held spellbound from the time the children entered Grandma's house, as she put them to bed, sat in her old armchair and were sung to sleep by the fairies and the return of one of the grandchildren to hang up her stocking, say her evening prayer and fall asleep at Grandma's feet. The poor newboy in search of Christmas cheer entered the home and found all asleep, presents for all, but no Christmas for him, he, too, goes to sleep on the rug. Santa Claus, with all his kindness and love for all poor boys, sees that he is adopted into a good home. The Eskimo boys, who never fear Jack Frost and Jack Frost, who made you feel as though it was winter inside the room did their part. The program of one hour and fifteen minutes was brought to a close by all singing "Good Night."

The pastor, A. B. Cox, gave a few minutes' talk, he said in part that he sincerely hoped that each one, especially the older people, fathers and mothers, would be so impressed with the exercises that they would endeavor to attend Sunday school and church somewhere else by thanking one and all for their attention.

The exercises were concluded by the presentation of a ring to Miss Katie Miller, who is a charter member, having joined when the church was organized at the corner of Burgin Vista and First Main streets. She has a Sunday school record of not missing a Sunday for the past 12 years. She is proud, unflinching and enjoys the privilege of being around and in the midst of her people, they all love and appreciate her work and sacrifice for their betterment.

Mrs. George Granger of Columbus is sending a few days at the Minor home in Seventh street.
